LaBelle Supply

Wholesale Shoe Repair & Shoe Store Supplies since 1948

Pedors Shoes is an orthopedic shoe company whose mission is to make Fantastically Functional Footwear. The Pedors brand was launched in 1997 with the introduction of the Pedors Black Classic and the Pedors Beige Classic. The Pedors company name originates from the word Pedorthics which is defined as the art and practice of designing, making, and fitting therapeutic shoes for relieving painful or disabling conditions of the feet. The company is known by the Pedorthists that have contributed to the design and success of the brand as The Pedorthic Shoe Company. The Pedors Classic line has become the industry standard for orthopedic stretch shoes and is recognized as the original orthopedic stretch shoe.

Pedors Shoes

Fantastically Functional Footwear

Deep Accommodative S-T-R-E-T-C-H Designs

Stretch design was the start of all Pedors shoes.

Since the early collaboration with Pedorthists in 1997, Pedors has strived to bring innovative and accommodative stretch designs to market that will work for the most demanding foot. Pedors shoes are easily modifiable for further customization by the practitioner.

Genext Active Orthotic

An off-the-shelf orthotic system built on a cork and rubber shell. Tri density bamboo charcoal foams to maximize both shock absorption and cushioning. Bamboo charcoal manages to control moisture, odor and antibacterial present in the foot.

Polyester top cover designed to reduce friction and wick away moisture. Cupped rear foot provides both stability and support in the heel.

Genext Active Orthotics are available in four different modalities:

- Neutral without metatarsal pad
- Neutral with metatarsal pad
- Posted heel (medial side) without met pad
- Posted heel with a metatarsal pad

Women's

5	6	7	8	9	10	11	12

Men's

7	8	9	10	11	12	13	14	15

Genext Dress Orthotic

The new Genext Dress / Casual shoe orthotic has been designed with a lower profile to fit into almost any formal dress shoe or casual wear shoe.

Using the same original Genext cork and rubber shell to provide the basis for the orthotic support, a memory foam component has been added to give the arch a soft and more cushioned feel when worn.

Women's

5	6	7	8	9	10	11	12

Men's

7	8	9	10	11	12	13	14	15

The thermoplastic TPU base layer provides the durability to ensure the orthotic wears well and continues to provide the support needed. The microfiber top cover makes finishes the device attractively.

The Dress Orthotic is available in both Men's and Women's sizes with a neutral heel cup for rear foot stability and either with or without a metatarsal pad in the forefoot.
